Dear Sir:

Applicant respectfully elects **Group I** (Claims 1-13 and 16-49) with traverse. For species, applicant elects "LMP-2 and GM-CSF". Applicant requests that Groups I and II be combined because the search terms and classifications are almost identical for these two groups and would not require undue burden on the examiner to search and examine claims for Groups I and II.

No fees are due. However, please charge any fees that might be due in connection with this submission to our Deposit Account No. 12-0913 with respect to our matter number 43369-103949.

Respectfully submitted,
